## **Trustees Corner**

Well it is that time again, the birds are flying south. It has been a good year for the most part. With the increased membership it brings change to the club. The biggest change that comes to mind is the lack of respect. Not to the members. They seem to mesh quite well together. The lack of respect I speak of is the way we take care of the club; for instance, not cleaning up tables, tossing trash, tossing cigarette butts all over.

Not so long ago a group of people leaving by boat and on the way to the boat a bottle was dropped and broken. It was an accident but the thing that bothered me was they just kept walking; leaving the broken glass behind. I asked them to clean it up which we did together but it makes you think, if we all don't do our part and show respect to the club it will be destroyed in time.

Fathers; mothers, tell our new young members, kids and friends to take care of our gathering place and keep it a FUN place.
